Dear Sir:

In response to your identification in the above application of the below patently distinct species:

A illustrated in figure 4-9,  
B illustrated in figures 10-13,  
C illustrated in figures 14-18,  
D illustrated in figures 19-25

E illustrated in figures 27-36,  
F illustrated in figures 37-41,  
G illustrated in figures 42-43 (*add figure 26 here?*),  
H illustrated in figure 44,

in your letter of August 31, 2005 indicating my requirement under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits and the claims in the topic application reading thereon.

**I herewith select species A illustrated in figures 4-9 and claims 1-5 in the topic application for prosecution on the merits.**

I understand that each non-elected species above may be the topic of a divisional patent application wherein rejection on the bases of double patenting is prohibited if said applications are filed prior to issue of the above parent application as a patent.

Respectfully yours,

Joseph F. Frasca
